Lost to Desire

The École Psychomatique de Paris and its
Encounter With Patients Who Do Not thrive

Wolfgang Lassmann

Series: New Library of Psychoanalysis

This book covers the work of psychoanalysts in post WWII France with patients beset by somatic problems with little manifest fantasy life, and how their concept of opératoire continues to inform the theory and practice of working with patients in crisis.

This book will appeal to psychoanalysts in practice and training who wish to learn more about this ground-breaking work on memory and trauma, and how to apply it to their own practice.
